To whom this may concern,

I am writing this letter to express my appreciation for the excellent customer service and support that the Slave Lake Catholic Parent Advisory Council received from Ms. Danielle Woods during our playground project. From the very beginning in our playground equipment search, Ms. Woods took the time to meet with us, answer our questions, provide suggestions, and find answers quickly. She was always accessible in a timely manner and patient along the entire process. She found ways to work within our budget and provide us with a playground design that suited our needs.

Lastly, I would also like to point out that she was extremely helpful during our playground installation and after the playground had been completed. I expect that if future questions or concerns arise from the new playground that she will continue to provide excellent customer service and follow-up.

Thank you again to the Playground Guys and Ms. Woods for your assistance in St. Mary of the Lake Catholic School's new playground. We could not have completed this without your support.

Respectfully,

Andrea Grady
